

WE REMEMBER

2021

On Behalf of the Contra Costa County Public Safety Support Services Association, we would like to invite **all** Public Safety Agencies to participate in this year's “**WE REMEMBER**” event held on **MAY 21, 2021, at 9:00 pm.**

This event is held in recognition of Mental Health Awareness month. We are requesting that your agency park their emergency vehicles outside with code 3 lights on followed by one minute of silence to express support for all the public safety families that have suffered a loss due to suicide.

In addition, we are asking participating agencies to take photos or short videos of the event to show the families your support. We encourage you to submit photos and videos on your social media platform and/or send to info@cccpsss.com with the subject “We Remember”.

Thank you for your time and consideration in participating.

Respectfully

Chris Harder
President
Contra Costa County Public Safety Support Services
